Range (WLTP)	DC charging 10 to 80 %	Power	0 to 100 km/h
up to 610 km	20 min	up to 420 kW	from 4.9 s

Meet the Atlas

The Atlas is a seven-seat SUV for big families and big plans. It carries seven people in three rows, tows a large caravan and still charges faster than any other Voltrieve.

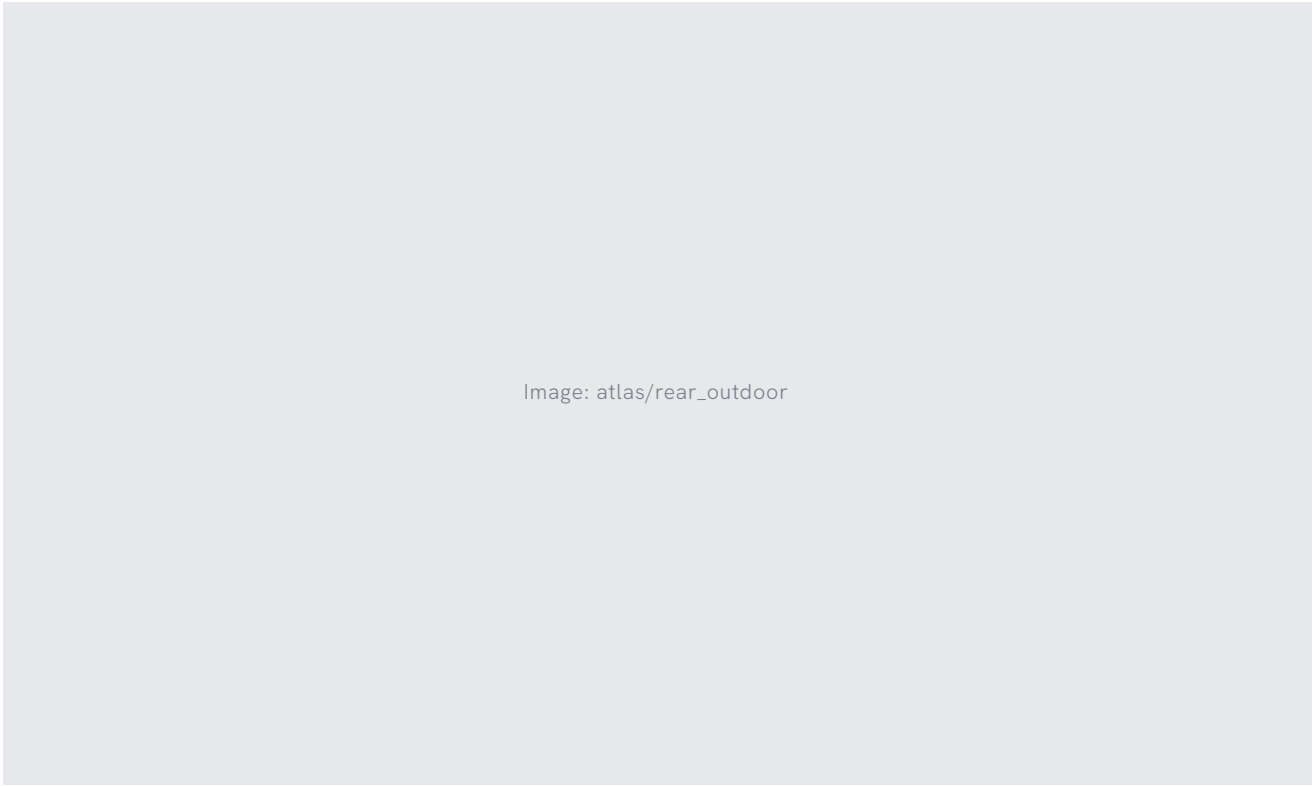

The Voltrieve Atlas is a large SUV with all wheel drive, built on the Voltrieve V2 platform with an 800 V system. Seven seats, zero compromise: that is the idea behind every detail.

Image: atlas/front_outdoor

Design

Tall bracket-shaped light columns frame each corner, front and rear. A long flat hood, a floating roof and brushed copper accents give the Atlas presence without shouting.

Interior

Three rows of seats, a wide wood and aluminium dashboard and a large driver display. Cognac Nappa leather on Prime.

- **Charcoal textile and microsuede:** charcoal recycled textile and microsuede seats in three rows, wood and aluminium dashboard. On Pure and Plus.
- **Cognac Nappa leather:** cognac Nappa leather seats in three rows, wood and aluminium dashboard. On Prime.

Technology and Voltrieve Pilot

The Voltrieve Atlas comes with Voltrieve Pilot version 3, our driver assistance suite. It brings adaptive cruise, lane keeping, traffic jam assist and automatic lane change (with Pilot Plus). Voltrieve Pilot Plus adds lane change assist and the highway autopilot. It is included on Atlas Prime and available as an option pack on the other trims.

- Seven seats
- 3.5 kW vehicle to load outlet
- Rear wheel steering
- A heat pump as standard, so the range holds up in winter

Range and charging

With a 112 kWh battery the Voltrieve Atlas goes up to 610 km on a charge (WLTP). At a fast charger it takes up to 320 kW and goes from 10 to 80 % in about 20 minutes. At home, the 22 kW onboard charger fills the battery overnight.

Battery	Range (WLTP)	Peak DC charging	10 to 80 %	Onboard AC charger
112 kWh	610 km	320 kW	20 min	22 kW

On the road

Rear wheel steering makes the Atlas surprisingly easy to park, and air suspension keeps it calm on rough roads. All wheel drive is standard.

Drive	Power	Torque	0 to 100 km/h	Top speed
Atlas AWD	420 kW	780 Nm	4.9 s	210 km/h

Image: atlas/side_studio

Room for everyday life

A third row that folds into the floor, a power outlet that runs tools or a coffee machine, and a frunk for the charging cables.

Boot	Boot, rear seats folded	Frunk	Towing	Roof load
720 litres	2 050 litres	90 litres	2 500 kg braked	100 kg

Three trims

Every Atlas is well equipped from the start. Each trim builds on the one before it.

Atlas Pure

- Heat pump
- Seven seats in three rows
- Rear wheel steering
- Air suspension
- 3.5 kW vehicle to load outlet
- Voltrieve Pilot 3
- Bracket LED lights front and rear

Wheels: 21 inch Monolith. Interior: Charcoal textile and microsuede.

Atlas Plus

Everything in Atlas Pure, plus:

- Power tailgate with hands-free opening
- Three-zone climate
- Head-up display
- Winter pack included: heat pump, heated steering wheel and rear seats, battery preconditioning

Wheels: 22 inch Monolith. Interior: Charcoal textile and microsuede.

Atlas Prime

Everything in Atlas Plus, plus:

- Panoramic glass roof
- Heated second row
- Winter pack included: heat pump, heated steering wheel and rear seats, battery preconditioning
- Pilot Plus pack included: Voltrieve Pilot lane change assist and highway autopilot upgrade
- Sound pack included: 14 speaker Voltrieve Stage audio system

Wheels: 22 inch Monolith. Interior: Cognac Nappa leather.

Colors and wheels

- **Glacier White** (signature color): white with a gloss black roof and brushed copper accents, pearl finish.
- **Basalt**: dark graphite with copper accents, metallic finish.
- **Forest**: dark green with copper accents, metallic finish.
- **Obsidian**: black with black accents, metallic finish.
- **21 inch Monolith:** six wide aero spokes in silver. On Pure.
- **22 inch Monolith:** six wide aero spokes, gloss black with machined silver faces. On Plus and Prime.

Questions and answers

How far can the Atlas go on a charge? Up to 610 km (WLTP) with the 112 kWh battery. Cold weather, high speeds and a full load shorten that.

How fast does it charge? From 10 to 80 % in about 20 minutes at a fast charger that delivers 320 kW or more. On AC it charges at up to 22 kW, empty to full in about 5.1 hours.

Can it tow? Yes, up to 2 500 kg braked. The Tow pack adds an electrically deployable tow bar and trailer stability control.

Does it have a heat pump? Yes, on every trim.

Which driver assistance does it have? Voltrieve Pilot version 3: adaptive cruise, lane keeping, traffic jam assist and automatic lane change (with Pilot Plus).

Your next step

Book a test drive at your Voltrieve dealer and take the Atlas on the roads you drive every day. The price list, the technical specifications and the accessories catalog for the Voltrieve Atlas are part of this sales folder.
