VOLTRIEVE

Voltrieve Spark

Small outside, generous inside

Range (WLTP)	DC charging 10 to 80 %	Power	0 to 100 km/h
up to 310 km	25 min	up to 100 kW	from 9.2 s

Meet the Spark

The Spark is the small car that makes the city feel bigger. It slips into gaps other cars drive past, turns on the spot and still seats four adults and their shopping.

The Voltrieve Spark is a city car with rear wheel drive, built on the Voltrieve V1 platform with a 400 V system. Small outside, generous inside: that is the idea behind every detail.

Design

A rounded box with its wheels pushed out to the corners, two round ring lamps that look straight at you, and a contrasting roof. Simple shapes, made to be recognised from across the square.

Interior

Light grey recycled textile, a pale wood strip across the dashboard and a small round driver display. Calm, bright and easy to keep clean.

- **Light grey textile:** light grey recycled textile seats and a pale wood strip across the dashboard. On Pure and Plus.
- **Light grey textile and microsuede:** recycled textile seats with microsuede bolsters and a pale wood strip across the dashboard. On Prime.

Technology and Voltrieve Pilot

The Voltrieve Spark comes with Voltrieve Pilot version 2, our driver assistance suite. It brings adaptive cruise and lane keeping.

- Turning circle of 9.8 m
- 2 ISOFIX seats
- One pedal driving
- A heat pump with the Winter pack, standard on Spark Plus and Prime

Range and charging

With a 42 kWh battery the Voltrieve Spark goes up to 310 km on a charge (WLTP). At a fast charger it takes up to 95 kW and goes from 10 to 80 % in about 25 minutes. At home, the 11 kW onboard charger fills the battery overnight.

Battery	Range (WLTP)	Peak DC charging	10 to 80 %	Onboard AC charger
42 kWh	310 km	95 kW	25 min	11 kW

On the road

Rear wheel drive and a tight turning circle make the Spark quick and easy in town. One pedal driving lets you slow down and stop without touching the brake.

Drive	Power	Torque	0 to 100 km/h	Top speed
Spark RWD	100 kW	220 Nm	9.2 s	150 km/h

Room for everyday life

A near-vertical tailgate gives a square, useful boot, and the rear seats fold flat for the odd trip to the furniture store.

Boot	Boot, rear seats folded	Frunk	Towing	Roof load
310 litres	1 050 litres	no frunk	not rated for towing	50 kg

The Voltrieve Spark is not rated for towing.

Three trims

Every Spark is well equipped from the start. Each trim builds on the one before it.

Spark Pure

- Round LED ring headlamps
- 10.25 inch touchscreen with navigation
- Voltrieve Pilot 2 with adaptive cruise control
- Heated front seats
- Automatic headlights
- Wireless phone charging

Wheels: 17 inch Pebble. Interior: Light grey textile.

Spark Plus

Everything in Spark Pure, plus:

- Rear camera
- Keyless entry
- Privacy glass
- Automatic climate control
- Winter pack included: heat pump, heated steering wheel and rear seats, battery preconditioning

Wheels: 17 inch Pebble. Interior: Light grey textile.

Spark Prime

Everything in Spark Plus, plus:

- Panoramic glass roof
- Heated windscreen
- Winter pack included: heat pump, heated steering wheel and rear seats, battery preconditioning
- Sound pack included: 14 speaker Voltrieve Stage audio system

Wheels: 17 inch Pebble. Interior: Light grey textile and microsuede.

Colors and wheels

- **Graphite**: dark grey with a gloss white roof, solid finish.
- **17 inch Pebble:** flat aero wheel covers in white and light grey with five small holes. On Pure and Plus.
- **17 inch Pebble:** flat aero wheel covers in graphite with five small holes. On Prime.

Questions and answers

How far can the Spark go on a charge? Up to 310 km (WLTP) with the 42 kWh battery. Cold weather, high speeds and a full load shorten that.

How fast does it charge? From 10 to 80 % in about 25 minutes at a fast charger that delivers 95 kW or more. On AC it charges at up to 11 kW, empty to full in about 3.8 hours.

Can it tow? No. The Voltrieve Spark is not rated for towing.

Does it have a heat pump? On Spark Plus and Prime, through the Winter pack. On Spark Pure the Winter pack is an option.

Which driver assistance does it have? Voltrieve Pilot version 2: adaptive cruise and lane keeping.

Your next step

Book a test drive at your Voltrieve dealer and take the Spark on the roads you drive every day. The price list, the technical specifications and the accessories catalog for the Voltrieve Spark are part of this sales folder.
